

ATY
GENERAL TRADING L.L.C.

STEEL & METAL PRODUCT CATALOGUE

International sourcing • Trading • Market development

Dubai, United Arab Emirates | www.aty.ae

Our Product Portfolio

ATY GENERAL TRADING L.L.C.

A focused catalogue of steel and selected metal products

FLAT STEEL

Hot rolled • Cold rolled • Galvanized • Pre-painted

LONG STEEL

Wire rod • Rebar

SEMI-FINISHED

Steel billets

COATED PRODUCTS

Galvanized strips and coated steel

SELECTED MATERIALS

Selected non-ferrous and industrial raw materials

The catalogue is designed to accommodate actual ATY or supplier product photographs, technical sheets and approved specifications as they become available.

About ATY

Dubai-based international trading company

ATY General Trading L.L.C. is a Dubai-based company specializing in the international trading, import and export of steel and related metal products. The company sources products from established manufacturers and suppliers and serves customers across international markets.

COMMERCIAL FOCUS

International sourcing • Trading • Market development • Supply coordination
• Shipping and documentation support

ATY GENERAL TRADING L.L.C.

Hot Rolled Steel Coils

ATY GENERAL TRADING L.L.C.

Product page • commercial catalogue

PRODUCT OVERVIEW

Hot rolled steel coils are supplied for industrial processing and downstream fabrication where hot rolled material is required as a primary or intermediate steel product.

TYPICAL APPLICATIONS

Fabrication • Manufacturing • Service centres • Construction-related applications

TYPICAL COMMERCIAL INFORMATION

GRADE / STANDARD

PACKING / QUANTITY
Available on request

Final specifications, origin, availability and commercial terms are subject to enquiry and contract.

Cold Rolled Steel Coils

Product page • commercial catalogue

ATY GENERAL TRADING L.L.C.

PRODUCT OVERVIEW

Cold rolled steel coils are supplied for applications requiring a smoother surface and controlled dimensional characteristics.

TYPICAL APPLICATIONS

Forming • Manufacturing • General industrial fabrication • Further coating / processing

TYPICAL COMMERCIAL INFORMATION

Galvanized Steel Coils

ATY GENERAL TRADING L.L.C.

Product page • commercial catalogue

PRODUCT OVERVIEW

Galvanized steel coils provide a zinc-coated steel surface for applications where corrosion resistance and a durable finished surface are required.

TYPICAL APPLICATIONS

Roofing • Cladding • Construction products • Fabrication • Industrial applications

TYPICAL COMMERCIAL INFORMATION

Galvanized Steel Strips

ATY GENERAL TRADING L.L.C.

Product page • commercial catalogue

PRODUCT OVERVIEW

Galvanized steel strips are supplied in coated strip form for downstream processing and fabrication requirements.

TYPICAL APPLICATIONS

Component manufacturing • Fabrication • Construction products • Industrial processing

TYPICAL COMMERCIAL INFORMATION

Pre-Painted Steel Coils

ATY GENERAL TRADING L.L.C.

Product page • commercial catalogue

PRODUCT OVERVIEW

Pre-painted steel coils combine coated steel with a finished painted surface for applications requiring appearance and additional protection.

TYPICAL APPLICATIONS

Roofing • Wall systems • Panels • Building products • Fabrication

TYPICAL COMMERCIAL INFORMATION

GRADE / STANDARD
Available on request

Steel Billets

ATY GENERAL TRADING L.L.C.

Product page • commercial catalogue

PRODUCT OVERVIEW

Steel billets are semi-finished steel products used as feedstock for downstream long-steel production and related manufacturing processes.

TYPICAL APPLICATIONS

Rolling mills • Rebar production • Wire rod production • Long-steel manufacturing

TYPICAL COMMERCIAL INFORMATION

GRADE / STANDARD
Available on request

Wire Rods

Product page • commercial catalogue

ATY GENERAL TRADING L.L.C.

PRODUCT OVERVIEW

Wire rod is supplied as a long steel semi-finished product for drawing, forming and further manufacturing applications.

TYPICAL APPLICATIONS

Wire manufacturing • Fasteners • Mesh • Construction-related products • Industrial processing

TYPICAL COMMERCIAL INFORMATION

Selected Metals & Industrial Materials

ATY GENERAL TRADING L.L.C.

Product page • commercial catalogue

PRODUCT OVERVIEW

ATY also works with selected non-ferrous and industrial raw materials where they fit customer requirements and the company's international trading network.

TYPICAL APPLICATIONS

Industrial manufacturing • Processing • Construction materials • Selected raw-material applications

SUPPLY INFORMATION

Specific materials, grades, origin and technical specifications are confirmed case-by-case.

Availability, origin, dimensions and grades are subject to enquiry and contract.

Sourcing & Quality

ATY GENERAL TRADING L.L.C.

Products are sourced according to customer requirements and approved commercial specifications

OUR APPROACH

- Source from established producers and suppliers
- Match product specifications to customer requirements
- Coordinate commercial documentation and shipment
- Support customers with responsive international market access

Technical standards, inspection requirements, certificates and product documentation are agreed for each transaction and should not be inferred from this catalogue.

Markets & Supply Network

Connecting producers, suppliers and customers across international markets

ATY GENERAL TRADING L.L.C.

REPRESENTATIVE MARKET DIRECTIONS

The company profile describes sourcing from Algeria, China and Europe and sales into Europe, Turkey and the Middle East, including Egypt and Algeria.

BUSINESS NETWORK

Dubai headquarters • Qatar branch • Jordan affiliate / business network • International customers and suppliers

Commercial & Delivery Support

ATY GENERAL TRADING L.L.C.

Supporting the product transaction from enquiry to delivery

SOURCING

Identify suitable producers and supply opportunities

TRADING

Structure commercial transactions around customer requirements

COORDINATION

Coordinate shipment, documentation and delivery requirements

CUSTOMER SUPPORT

Maintain responsive communication throughout the transaction

Custom cutting and shipping/logistics support may be available depending on the product and transaction requirements.
